

As you know, the situation with Covid-19 continues and we all have to be extra vigilant and do our best to minimise the risks

In order to try and minimise the risks for our staff, members and guests, please ensure you are following all government guidelines when coming to The Club.

Please also note:

- You are required to have your temperature checked on arrival by entering the office where you will be automatically scanned
- You must scan the Leave Home Safe QR code and use the vaccine pass on arrival
- Wash your hands and/or use the hand sanitiser by the office immediately on arrival
- Face masks must be worn at all times whilst at The Club, with the exception of when riding
- **By entering the yard you will be considered to be declaring that you do not have any symptoms and you have adhered to all relevant guidance, on protecting yourself and the community from infection**
- In general, please avoid congregating in large groups and don't crowd the office and try to keep your distance from everyone, especially the staff

We really are relying on everyone to be sensible and respectful of everyone else, especially our very loyal and hardworking staff. We must do all we can to reduce the risks for them.

Hopefully this will only be a temporary situation and some normality will return soon!!
Please take care and stay safe.
